Welcome! We are proud to present to you this year's musical production, Cinderella. Countless hours of work have been put into tonight's production from morning and evening rehearsal time, set construction, props and costuming, choreography instruction, and music lessons. This production is not put on by four directors, but rather a whole crew of dedicated students, parents, and community members coming together to put on the best possible show and experience for our school and for you. Please find their names in the "Thank You" section of the program. Our department continues to flourish because of their support.

For tonight, we hope you enjoy the production! The use of cameras is allowed, but please be mindful of those around you. If you wish to record the entire performance, we urge you to be in the back of the audience. We thank you so much for your attendance, support, and overall enthusiasm! Please sit back, relax, and enjoy the show!
